---

## SUMMARY

---

Chief Technical Officer with expertise in full-stack development, system architecture, and web infrastructure. Experienced in building scalable, secure, and high-performance digital solutions while leading technical strategy, development, and continuous system optimization to support business growth and innovation.

## TECHNICAL SKILLS

---

**Frontend:** React.js, JavaScript, Next.js, HTML, CSS, Bootstrap, Tailwind CSS

**Backend:** Nest.js, Node.js, REST APIs, Typeorm, PHP, Python, C++, Java,

**Database:** MySQL

**Tools & Platforms:** Git, GitHub, VS Code, Postman, Swagger, Arduino Uno

### Networking & System Administration

Basic Network Configuration, IP Addressing & Subnetting, VLAN Configuration, Router & Switch Setup, LAN/WAN Troubleshooting, RAID Configuration, Basic Server Maintenance

### Hardware & Technical Support

OS Installation, Computer Reformatting, Hardware Troubleshooting, PC Assembly, Driver Installation, Laptop/Desktop Repair, Peripheral Setup

## PROJECTS

---

### Delivery Logs System

FiveTwenty IT Services - Filinvest City. Alabang Muntinlupa City.

2026

- Developed a Delivery Logs System to manage parcels and mails for partner companies, virtual offices, and private office tenants with real-time monitoring and automated email notifications.
- Implemented kiosk-based parcel verification using unique reference codes and automated logging integration with Google Sheets for centralized and company-specific record management.

### Sales Invoicing System

2026

FiveTwenty IT Services - Filinvest City. Alabang Muntinlupa City.

- Developed a Sales Invoicing System for SI and SVI to manage sales invoices, receipts, and acknowledgment receipts (AR) with manual and OCR-based data entry.
- Implemented real-time Google Sheets integration, sales monitoring, transaction tracking, and automated report generation for improved financial management and operational efficiency.

### IQUEUE: SMART QUEUE MANAGEMENT WITH MOBILE APPLICATION

2025 - 2026

Cavite State University - Imus Campus.

- Developed iQueue, a smart queue management system with kiosk, web, and mobile apps
- Built using ReactJS, NestJS, and MySQL
- Implemented REST APIs, real-time queue monitoring, ticketing, and notifications

### Queue Management System Using Arduino Uno (IOT)

2024 - 2025

Cavite State University - Imus Campus (Academic Project)

- Built a queue management system using Arduino Uno
- Programmed queue logic and input handling in Arduino C/C++
- Collaborated with a 5-member team on hardware design and assembly

## WORK EXPERIENCE

---

### Full-stack Developer | IT Support and Network Troubleshooting | 2026

FiveTwenty IT Services

- Developed and maintained responsive web applications by assisting in frontend design, backend development, and database management.
- Performed IT support and network troubleshooting, including system setup, hardware and software maintenance, basic network configuration, and technical assistance for clients and staff.

### Chief Technical Development Officer | 2025 - Present

Krevance Start Up

- Led the technical development of web platforms by designing scalable system architectures, developing full stack applications, optimizing system performance, and implementing secure coding practices to ensure reliable and efficient operations.

### Sales Research Assistant | 2020

Bingham's Manufacturer & Distributor

- Researched and gathered client business information, contact numbers, and addresses using Google Maps and online sources to support the sales outreach team.
- Verified and organized customer data for call sales operations, ensuring accurate client information and improving lead generation efficiency.

## ACADEMIC HISTORY

---

### Bachelor of Science in Information Technology

2022 - 2026

Cavite State University - Imus Campus

### TVL - Information and Communication Technology

2020 - 2022

Five Star Standard College - Aguinaldo Highway, Niog I, Bacoor City,

## LEADERSHIP & INVOLVEMENT

---

### Central Student Government (CvSU - Imus)

2022 – 2023

Creative Committee

### Builders of Innovative Technologist Society (CvSU - Imus)

2023 – 2024

Documentation Committee

## CHARACTER REFERENCE

---

### John Vincent Dallego

Professor | Full - Stack Developer
